

# BOARDING

The boarding provision is a distinctive feature of a St Margaret's education and is at the heart of the sense of community which exists here. For the girls that board it offers a rich experience of living in an international environment. For those who do not board regularly it offers the opportunity to do so on a flexible basis when the need arises.

In recent years we have:

- Improved the induction procedure for new boarders
- Improved handbooks and information available to boarders, house staff and parents
- Established a Boarders Council as well as a suggestions box
- Extended the number and range of boarders' outings
- Up-graded bathrooms in the boarding house
- Created more twin bedded rooms for younger boarders

In the next three years we will

- Promote flexi boarding among existing and prospective parents
- Seek to broaden still further the range of nationalities represented in the boarding house
- Up-grade remaining bathrooms
- Up-grade laundry facilities for senior boarders
- Continue to expand the range of activities and outings open to boarders
- Begin a rolling programme of refurbishment of bedrooms
